In 2018, The Caring Place launched a program called Senior Independence Program (SIP). This new program allows us to partner with neighbors age 65 and older. We assist them in navigating new resources, planning for future needs, and advocating for themselves throughout the aging process. The goal of SIP is to keep seniors living independently and healthily. This program, funded primarily by a grant from St. David’s Foundation, helps The Caring Place meet the needs of a growing senior population in Williamson County. In less than a year since its introduction, 50 participants have enrolled in SIP. We look forward to new growth helping our senior neighbors in 2019.

In 2018, $1,771,861 of our funding came from the sale of donated, gently used and new items in our 2 thrift stores, which equaled 65% of our total revenues. The revenue generated from The Shops at The Caring Place and Second Helping covers all of the operating costs of the organization, so that 100% of monetary donations directly impact neighbors in need. We like to call it, ‘Shopping for Good!’ That’s something to smile about.
